### Student and Staff Safety

| Student and Staff Safety Resources                 |                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                           |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Topic Area                                         | Description                                                                                                                                                                                                                                                                | Title/Organization/Website                                                                                                                                                                                                                                                                |
| <b>Program Management</b>                          | This document provides common information that helps to guide program planning. Program leaders are encouraged use this sample handbook as a guide when developing and documenting their organization’s programmatic policies.                                             | <i>Sample Staff Handbook</i> by You for Youth:<br><a href="https://y4y.ed.gov/tools/sample-staff-handbook">https://y4y.ed.gov/tools/sample-staff-handbook</a>                                                                                                                             |
| <b>Professional Development and Staff Training</b> | The You for Youth website provides online professional development and technical assistance for 21 <sup>st</sup> Century Community Learning Centers (CCLC); however, a majority of the courses/webinars are applicable for ELISS programming as well.                      | You for Youth:<br><a href="https://y4y.ed.gov/learn/">https://y4y.ed.gov/learn/</a>                                                                                                                                                                                                       |
| <b>Readiness and Emergency Management</b>          | The REMS site is designed to help education agencies and their community partners manage safety, security, and emergency management programs.                                                                                                                              | Readiness and Emergency Management for Schools (REM):<br><a href="https://rems.ed.gov/">https://rems.ed.gov/</a>                                                                                                                                                                          |
|                                                    | The You for Youth website provides program leadership information and resources to implement existing organizational safety plans through protocols, practices and trainings.                                                                                              | You for Youth:<br><a href="https://y4y.ed.gov/y4yclickandgo/developing-and-implementing-a-safety-plan/2636">https://y4y.ed.gov/y4yclickandgo/developing-and-implementing-a-safety-plan/2636</a>                                                                                           |
| <b>Internet Safety</b>                             | This site provides links to webpages regarding internet rules and safety pledges (appropriate for elementary, middle, and high school students).                                                                                                                           | The School District of Philadelphia:<br><a href="https://www.philasd.org/educationaltechnology/teaching-and-learning/internet-safety/internet-safety-for-students/">https://www.philasd.org/educationaltechnology/teaching-and-learning/internet-safety/internet-safety-for-students/</a> |
|                                                    | The best internet safety lessons recognize the complexity of internet safety and help students build the critical-thinking skills and habits of mind to navigate the dilemmas they encounter. This site provides internet safety lesson plans for students in grades K–12. | Common Sense Education:<br><a href="https://www.commonsense.org/education/articles/23-great-lesson-plans-for-internet-safety">https://www.commonsense.org/education/articles/23-great-lesson-plans-for-internet-safety</a>                                                                |
